Cost of Paint

The difference between the cost of good paint and inferior paint is very little in comparison with the total outlay for painting a house.

The time and labor is the big item. Seems very foolish to spend a great deal of time and money putting on paint which will not last. It is much wiser to use old-fashioned "white lead and linseed oil."

Collier

is the standard white lead; is perfectly pure, and is made by the best method—the Old Dutch Process.

Paint painters of value to the public are referred in our booklets. Send for it.

NATIONAL LEAD COMPANY
Clark Avenue and 26th Street, St. Louis, Mo.

For sale by 5th class dealers.
